## HOUSING

# Residents begin move into Bowdoin Street Rowhouse

Residents have started moving into Bowdoin Street Rowhouse, ONE|NB's newly completed multifamily rental development in the Olneyville neighborhood of Providence. The development is ONE|NB's first modular construction project. The eight townhouse-style apartments were designed and built offsite, then trucked into Providence and **installed over 10 days in February and March of 2022**. Two of the apartments will provide Permanent Supportive Housing for individuals who were previously homeless and the remaining apartments are affordable to individuals and families who earn between 50-80% of the area's median income.

*ONE|NB staff toured the Bowdoin Street development before residents moved in.*
