# CENTRAL PROVIDENCE OPPORTUNITIES: A HEALTH EQUITY ZONE

## THE CHALLENGE

In Central Providence, community-level conditions rooted in structural racism – such as poverty, inequitable access to quality education and jobs, out-of-reach or unsafe housing, and others – impede many individuals and families from living **healthy, economically stable lives.**

## OUR VISION

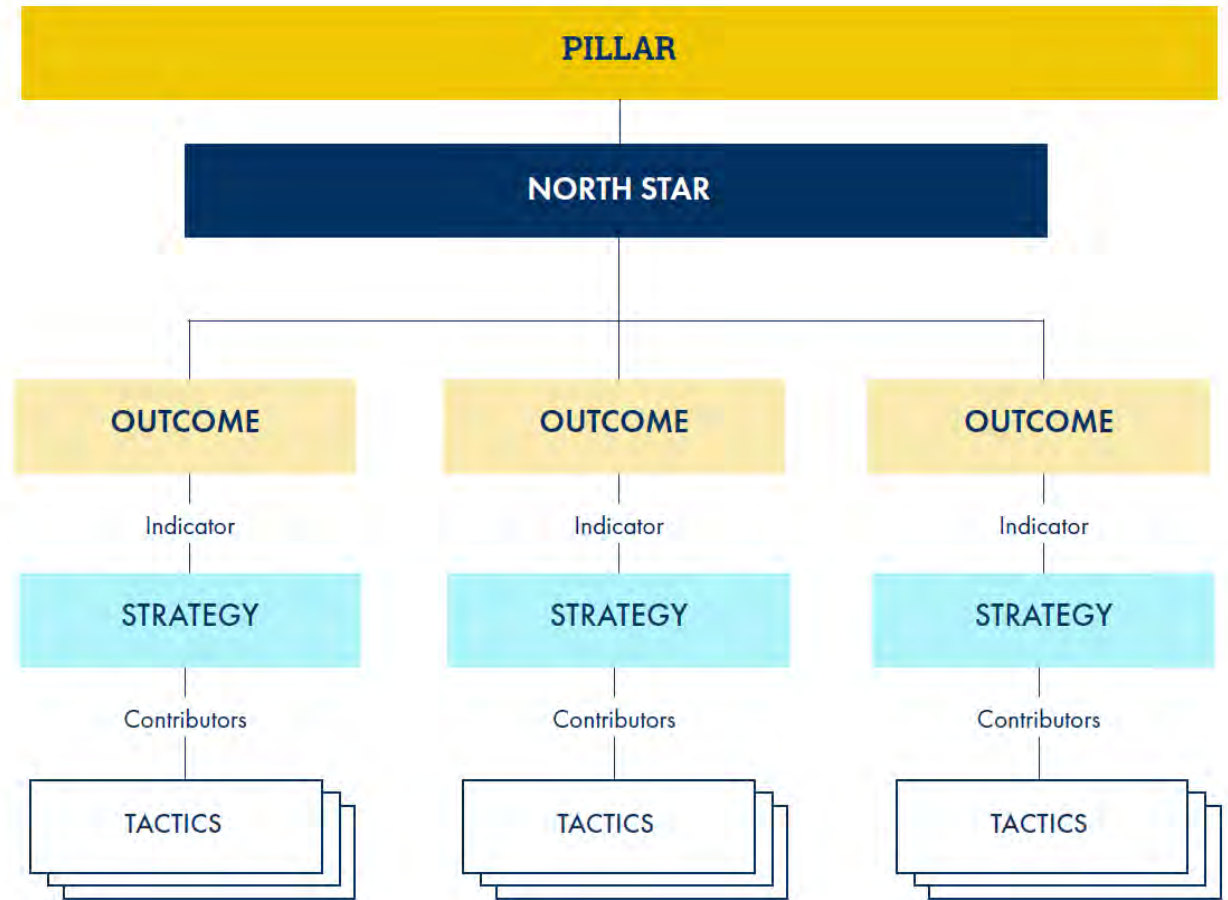

Our vision is that all residents of Central Providence will live healthy, stable lives and be empowered to impact the conditions in their community.
